Your Guide to Fishing at Three Lakes Park

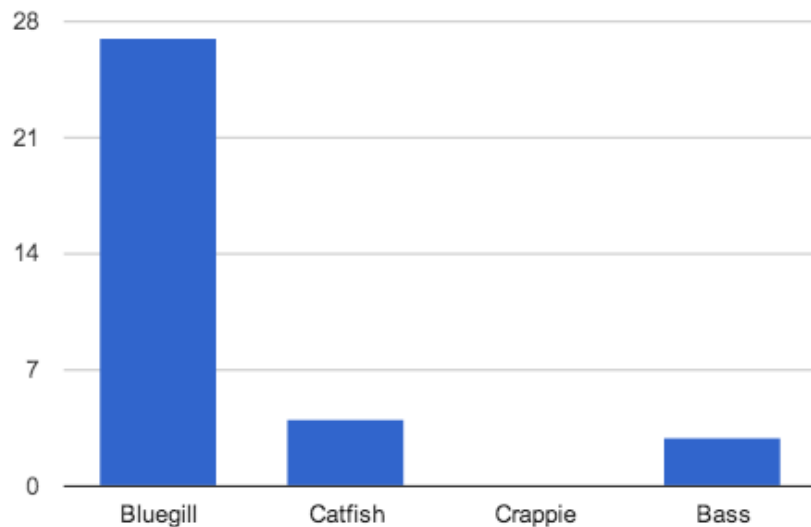

Presented by the 3rd Graders at
Holladay Elementary

Which Fish?

In our research, we discovered that you are most likely to catch bluegill at Three Lakes Park. We caught 27 bluegill! You might also catch some catfish or bass, but probably no crappies.

Number of Each Type of Fish Caught

AVERAGE SIZES: These are the average sizes of the fish we caught at Three Lakes Park.

bluegill 5-7 inches

bass 4-9 inches

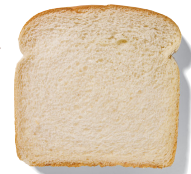

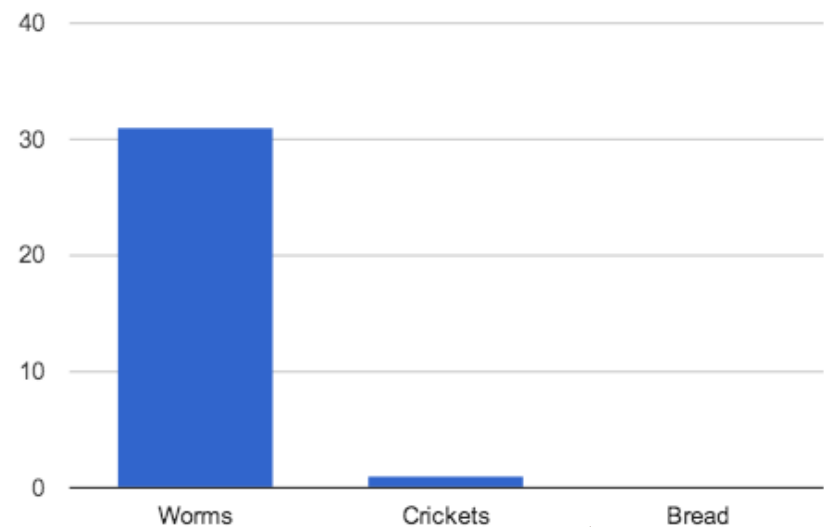

catfish 9-18 inches

Which Bait?

In our research, we tested worms, crickets, and bread. We discovered that you are most likely to catch fish at Three Lakes Park with worms. We caught 31 fish with worms!

Which Bait Works Best?

TIPS FOR CATCHING WORMS:
You don't need to buy worms. If you look under logs or rocks or trash cans, you will most likely find a lot of worms.
