

Rachel Patterson #17

## Reflection

1. My favorite part of this project was researching on the pumpkin. I liked how we got to learn new facts about pumpkins. My group did lots of research so we got to learn more.
2. I think my group did work ok. We had many problems on deciding things and people in my group (Buckley) were trying to do everything. Sometimes she didn't help at all.
3. I would change how we wrote the script. We had a lot going on. I think we could have done better.
4. I learned that it is hard to work with different people. You just have to get used to it.
5. It will help me by knowing that I don't always have to be in charge.
