Research

(Please list the answers to your questions here, you may also write down additional information here. Make sure that you list where you got your information from!)

1. What is the Pumpkin life cycle?

Answer = Stage 1 seed, Stage 2 sprout, Stage 3 vine, Stage 4 flower, Stage 5 green Pumpkin, Stage 6 orange Pumpkin

2. Why are Pumpkins orange?

Answer = They grow green at first, then they ripen in the sun.

3. Why do we carve Pumpkins? It's a tradition from the Irish immigrants. They brought the custom over to North America. It was not until the mid-to-late 19th century became a Halloween staple across the U.S.
