

Will - The largest pumpkin in the world weighs 2,032 lbs. The smallest pumpkin in the world weighs 2-3 ounces.

Buckley - The pumpkin's name was official in 1647. Pumpkins are used for two holidays Halloween and Thanksgiving

Rachel - There are over 25 different types of pumpkins. Examples - Funny Face, Bushkin, Harvest Moon, Jackpot, baby bear, sugar treat, and many more

Will - Native Americans roasted long strips of pumpkins in an open fire so they could use it for fertilizer

Buckley - People use pumpkins for face masks, pumpkin bowling, and smashing them just for fun!! We will be having these activities at our Outstanding Pumpkin Festival
