Life as a Confederate general

by: Philip Rambaran

General Robert E. Lee has had a very hard life during the War. He says he got a lot of injuries like a injury in the leg with an arrow while he was riding on his famous horse, *Traveler*, but lived on to survive the War. He also says that he was afraid that something bad would happen to his family like a robbery while he was fighting in the War. He has said so many other things about his experience in the War that I can't list them all. Now you can see that life as a Confederate general is very hard according to Lee.

There is another runaway which is worth ONE THOUSAND dollars. It's only one boy who is 2 yards tall. Remember there is a ONE THOUSAND dollar reward!!!!
