

Lemon

Aidan,
Rahul,

- Roll back & forth
- Galvanized nail into the lemon (make hole)
- stick penny in
- don't put in too far
- connect wires
-

Potato

- Cut in half
- Get shiny penny
- wash penny with clothe
- make hole and stick penny in
- Just little sticking out
- Galvanized nail stick in (other side)
- not much sticking out
- don't make penny & nail touch
- ~~stick~~ connect wires

Black in nail

Red in penny

Leak Film Canister

- half cup of water
- white vinegar
- fill the rest of the cup
- if spill use paper towel
- put cap on cup
- SHAKE
- take nail and stick in side (top)
- poke another hole on other side
- copper wire and rub with wool
- wrap around pen
- insert wire from the bottom
- attach top
- connect wires hooray!
