

My Reflection Of The Room 23 Jamestown Debate

What I remember about the Room 23 Jamestown Debate is that it was between John Smith (Griffin) and Pocahontas(Nylah). I was a council member for John Smith. Krish was our moderator who asked some very superior questions. We had many posters on who to vote for in the debate. Many parents came to see this hilarious debate. At the end of the debate the parents and us voted to see who would reign over Jamestown. The outcome was a tie! The votes were for John Smith:27 and Pocahontas: 27. This debate will go down in history as one of the best times in school.
