Project Reflection

After viewing all the class products and reviewing the results from the blog, discuss these questions with your group. Then record your responses individually.

1. Which research format helped you make decisions for your product? (experts, websites, etc.)

Pebble GO helped to finish my project.

2. How was this research helpful?

With Pebble GO on the computer.

3. Explain your role in the group.

to help with the water in the hose

4. View the blog results again, and explain how you feel about your product.

good because people need in to have shelter and food.

5. Describe ways that your presentation supported your product?

When I help my friends to do it.

6. Explain one thing you learned from this project that will help you on future assignments.

You need the hose to live you need shelter.
