

# BECOME AN ENGINEER EXPLORER

PREPARING HIGH SCHOOL STUDENTS FOR THE ENGINEERING PATH

## WHAT IS THE ENGINEER EXPLORER PROGRAM?

This program is **3 sessions** during the 2017-2018 school year, and will provide Richmond area high school students the opportunity to learn engineering skills. Whether you're a student who is interested in studying engineering or simply exploring the field, this program is for you! Explore the opportunity to better experience the industry before college!

### What will you learn?

- Experience several engineering disciplines hands-on
- Build your resume
- Career skills & teambuilding
- Critical thinking & analysis skills

## PROGRAM BENEFITS

- ✓ Build your resume – yes, in high school! Dominion Energy HR professionals will help
- ✓ Real engineering projects led by Dominion Energy engineers
- ✓ College preparation led by college recruiters
- ✓ Networking skills
- ✓ Tour a Dominion Energy Power Station

**Attend the Registration & Info Session to find out more and sign up, or sign up for the program in advance at <https://goo.gl/ecTb7R>**

Dominion Energy is proud to sponsor the 2017 Learning for Life Engineering Exploring Program along with Virginia Commonwealth University's School of Engineering and Exploring, a Program for Career Education.

*The Exploring Program is a Workforce Development Program established by Learning for Life, a subsidiary of the Boy Scouts of America, which provides opportunities for male and female youth ages 14-20 to connect with professionals in various careers and learn what it takes to become successful in those careers. For more information, visit <http://www.exploringva.org>.*
